Hi team. Please find attached:

- 1) Volume 1 – Word version.
- 2) Extracts of the ES and Section 2.

Because of the size of Volume 2, it's uploaded into SharePoint below. I also sent separate emails to Angela and Elizabeth with Volume 2 attached. There's a PDF version (which is what the external peer reviewers will receive) and a Word version (for any edits – but this version is missing a few Appendices because of the complication of making a Word version of all the Appendices).

Angela and Elizabeth: we know you are currently reviewing the extracts of the ES and Section 2.

**We are requesting that folks skim through these, particularly for obvious errors needing correcting, and anything in *critical need of adjustment* to make it suitable for external peer review.**

Edits to the ES and Section 2 can be made in those extracts.

Please make all other changes *directly in the compiled Word documents* using the "track changes" function: even better (though not necessary) if edits can be made in the SharePoint version of these which are here:

## Ex. 6 Personal Privacy (PP)

I am requesting that folks – to the extent possible – include edits or suggested edits in track changes when comments are added. Tonight night will be devoted to compiling and reviewing/accepting edits and it will be much easier to do so with actual suggested edits in hand to consider.

**Please send any edits NLT COB tonight (Wed).**

Tomorrow morning is devoted to sending changes to the contractor so she can make them and finalize the drafts of Volume 1 and Volume 2 for external peer review. We are on schedule to transmit the documents to ERG for external peer review by COB (Pacific Time!) Thursday.
